Welcome to year of Dragon! Wish you all the best in the coming year!

Have you bought any 'year flower' for decoration in this New Year? During the selection, did you have the feeling just like that of the main characters in the story by Trailblazer? This is a great story greatly related to the clinical pharmacy development.

For our professional development, we highly depend on our young pharmacists. In this issue, one of our young and enthusiastic pharmacists Man Keung would like to share with us what an IT pharmacist does. Actually in our profession, we cooperate with each others in different sections in a way no one should be ignored or neglected.

To talk about experience and practice sharing, Pharmacy Conference is the largest sharing platform we have each year. You should not have missed this meaningful Pharmacy Conference 2012 held in HKCEC! Some distinguishable and memorable features are going to appear in front of your eyes in the recap of this enormous event.

Last but not least, the best is yet to come. Also, the new things are always coming up. Got good understanding on the news updated will give you best preparation for the new era. Please Enjoy!

Kenneth Chung is a pharmacist working at Queen Elizabeth Hospital.
